Medway's Children and Young People Survey

As part of Medway's aspirations to become a child-friendly city - putting children and young people at the heart of everything they do - they are encouraging young people (up to the age of 25) to fill out an anonymous survey to find out more about what it feels like to be a young person in Medway, to help understand their wants and needs.

You can access the survey at: <https://smartsurvey.co.uk/s/MedwayYourWay>

The survey is open until midnight on Sunday, 23rd May.

Mental Health Awareness Week

The theme this week was 'Nature'. Engaging with nature can have a positive impact on our mental health and improve our mood.

Even if you can't go to a park or an outside space, there are ways of bringing nature into your home such as getting a pot plant, using your balcony, listening to the birdsong, or even watching a nature documentary. **But the main thing is to get outside if you can and enjoy what is around you.**

The Mental Health Foundation has released some Top tips on connecting with nature which was sent to families via Parentmail this week.

Remember, nature is all around us. And spring is such a fantastic time to enjoy it.
