28th January 2022

We have had a lovely week and it has been wonderful to see so many children using our new scooter pods, this has been reflected in our WOW (Walk on Wednesday) data. This week, some of the children in Year 3 and above began their Sacramental preparation classes, we wish them all the best as they further their spiritual journey.

COVID cases within the school although relatively low overall, have met the threshold 10% in some classes therefore, it makes sense to take extra precautions. As a result, to avoid mixing between classes as much as possible, in addition to the children being in specific zones during break and lunchtimes, we have paused assemblies in the hall to reduce the risk of transmission. Hopefully, the additional measures will only be for a short time however, it will take time to measure the impact. I will inform you as soon as we are able to remove the additional outbreak measures. Thank you for your continued support.

Class of the Week Year 1

We were describing a character from the story Claude in the City. We created a wanted poster using our description of the character. Written by Sophia and Ano.

Number Day 2022

We are delighted to be supporting the NSPCC by taking part in Number Day on Friday 4 February 2022.

The NSPCC need our support more than ever. By raising money, we can help to fund their vital services such as Childline - the helpline that's always there for children and young people whatever their problem or concern.

On Friday 4th February, we will be taking part in Dress up for Digits. The children are invited to wear any item of clothing with a number (or pattern they could count such as spots, repeated pattern etc) t-shirts, sports tops, caps or even an onesie! Or why not get more creative as a dice or calculator! To help raise money for the NSPCC, we are asking for a suggested donation of £1 made through Parentmail.

Thank you for supporting this worthy cause.

Fit 4 February

This February the Charlie Waller Trust has a fantastic opportunity for our children to get involved in supporting mental health!

It suggests 28 activities to do during February e.g. 28 bounces on a trampoline, 28 minutes of Zumba etc. As Half Term is in February this will also be a super opportunity to continue the challenge as families at home as a whole school community.

Regular physical activity isn't just good for children's physical health - it also helps improve their brain function, sleep and energy levels, and emotional wellbeing.

To support the charity we will pledge to try to fundraise £28 per class to go towards their support for children, parents and schools. Once the School Council have decided how this will be arranged we will provide more information.
